Greetings

To Our Friends:

It is with pleasure that we present you with our Dahlia Catalog for 1940. Your generous and kind support is thoroughly appreciated and inspires us to continued efforts to make available to you only the best.

This catalog would not be complete if we were not to take advantage of the opportunity to thank you for your many letters telling of success obtained from stock purchased from me. We are grateful to those who have been able to visit our gardens as well as those who have inspected our exhibits at many of the shows we attended.

To those who are familiar with our stock, no introduction is necessary and you have our word that the same quality will not only continue, but improve if such is possible. To those who have not tried our service, this is an invitation, that will prove a real opportunity for you to realize something you may not have been able to obtain elsewhere. No order is too small nor is any contract too large. We are pleased to serve you.

Mr. Gordon Waaser, of Baldwin, N. Y., will grow all our seedlings for the New York Show this coming season.

Canadian Regulations—To import plants, bulbs, roots and other nursery stock into Canada, a special permit must be obtained from the Secretary of Destructive Insect and Pest Act Advisory Board, Dept. of Agriculture, Ottawa, Ontario. He will issue the permit and supply information as to how it is to be used.

O. B. Geer

Our Guarantee

That our roots, plants and rooted cuttings are absolutely free from disease, are true to name, and will grow as we describe them.

Our stock is sold at prices that are as reasonable as it is possible to make them, and where we have large stock of some varieties our prices are lower than of those that send out inferior roots.

We ship all orders prepaid, by parcel post or express so that you need not spend another cent after your order is paid to us. We see to it that your roots, plants or rooted cuttings will arrive safely and in good condition.

We always include in our orders a surprise to you by including some variety of merit.

While we grow close to 400 varieties, both American and European, many of which we have not enough stock to list, as among these are new creation that will be released later by their originator, or by us as sale distributors, as well as introducing our own originations.

While we maintain a trial gardens for our customers and other growers, in testing out seedling of which we make no charges, we must ask that our good friends write us before shipping any seedlings.

May we ask that your order be sent to us as early as possible, so that we may not be obliged to tell you we are sold out of some varieties.

Our New Introductions

KATHRYN LOESCH—(F. D.)—The long wanted pink for both the show and florist trade. It is about the most perfect pink, being of daphne pink color. Blooms $8 \times 4\frac{1}{2}$ to $9\frac{1}{2} \times 5$, held on long stiff slender canes, 9 to 15 inches above first set of leaves. We have watched this dahlia for the past six years in Mr. Peter Loesch's garden and the past two years in our own, and have never seen a drooping bloom. It is a very open grower as well as being very prolific bloomer from early season till cut down by frost. Winning its share of awards in the leading show rooms.

Roots \$10.00. Plants \$3.50. Rooted Cuttings \$2.25.

LITTLE GLORY—(Min. C.)—(73)—This miniature received an award of honor at the Georgia Test Gardens for being a distinctive new color. We still are unable to find a name for this color. It is between begonia rose and deep rose red. A vase or basket of these will win in any show room. Stems long, stiff and wiry. A very prolific bloomer from early season till cut by frost.

Roots \$3.00. Plants \$1.00. Rooted Cuttings 65c.

SUNSET BABY—(Min. Dec.)—(545)—Truly a darling miniature of great merit. Color being of corn yellow at base of petals blending to carnelian red to coral red. The nearest general color would be deep red orange. Stems long and stiff, holding the abundance of blooms high above foliage.

Roots \$3.00. Plants \$1.00. Rooted Cuttings 65c.

LOYALTY—(Min. S. C.)—(538)—This is not only the most prolific bloomer that we have seen, but a beautiful crimson red. Stems long and stiff, holding blooms high above foliage. This has been a good show winner this season.

Roots \$3.00. Plants \$1.00. Rooted Cutting 65c.

ORCHID DELIGHT—(Min. Dec.)—(88)—An orchid lavender color miniature that will please any one. Just about as prolific as you can ask for. Blooms small, held high above foliage on long stiff stems. Greatly admired at the New York show.

Roots \$3.00. Plants \$1.00. Rooted Cutting 65c.
